

```
std::vector< Point2  
    < _Ty > >
```

A diagram illustrating inheritance. A light gray box at the top contains the code `std::vector< Point2 < _Ty > >`. A dark gray box at the bottom contains the code `ns_geo::PointSet2< _Ty >`. A blue arrow points from the bottom box to the top box, indicating that `ns_geo::PointSet2` inherits from `std::vector<Point2<_Ty>>`.

```
ns_geo::PointSet2<  
    _Ty >
```
