

```
std::vector< Point3  
    < _Ty > >
```

A diagram illustrating inheritance. A light gray box at the top contains the code `std::vector< Point3 < _Ty > >`. A dark gray box at the bottom contains the code `ns_geo::PointSet3< _Ty >`. A blue arrow points from the top of the dark gray box to the bottom of the light gray box, indicating that `ns_geo::PointSet3` inherits from `std::vector`.

```
ns_geo::PointSet3<  
    _Ty >
```
